

## **Medicaid-reimbursable services**

February 5, 2015

All Certified Providers of Medicaid-reimbursable services:

Pursuant to the Oklahoma Health Care Authority (OHCA) rule which went into effect January 1, 2015, outpatient behavioral health agencies must have a full certification to contract with OHCA. (OAC 317:30-5-240.2) Attached is the OHCA letter dated December 3, 2014. The OHCA cannot accept a Permit for Temporary Operations (PTO) issued by the ODMHSAS as a certification status to meet contracting provisions for delivery of Medicaid reimbursed services, unless an exception has been properly approved.

If your agency wishes to request an exception to this rule, please submit the request in writing to Traylor Rains at [Traylor.Rains-Sims@odmhsas.org](mailto:Traylor.Rains-Sims@odmhsas.org).

Any questions regarding this requirement should be directed to OHCA Provider Services at 1-800-522-0114.
